

CHARITABLE CONTRIBUTIONS FUND

At Harrup Park, we understand our key charter as a community club rests on one principle: giving back to the very community that has helped to make the Club successful. The cornerstone of that charter is the Harrup Park Charitable Contributions Fund established in May 2019. The primary goal of the Fund is to support charitable organisations within the Mackay Community, particularly those with limited resources. Established with the future in mind, the Harrup Park Charitable Contributions Fund is expected to become a significant source of philanthropic funds for the local community in the years to come.

Our commitment to the community is targeted at three broad areas we feel represent the core values and general well-being of the community at large; values such as childhood, environment and community. At Harrup Park, we firmly believe support and re-investment into those who contribute positively to the fabric of our community will produce on-going benefits to our community for years to come helping to provide a platform for a better community.
